## *barrier shrink bags*

Vista's DuraShrink<sup>®</sup> barrier shrink bags by Winpak have a powerful combination of high shrink rate with a low shrink force, keeping your product's original shape intact. The high transparency and gloss make your product even more attractive! The innovative DuraShrink<sup>®</sup> Bone Guard Bag provides superior protection against punctures and tears for bone-in cuts or processed meats.

### **Applications**

- Fresh Pork • Fresh Beef • Processed Meats • Smoked Meats • Cheese
- DuraShrink<sup>®</sup> Bone Guard (BG) for bone-in meat products

### **Balanced Shrink Performance**

- DuraShrink<sup>®</sup> has superior shrink performance, balancing a high shrink rate with low shrink force.
- The bag forms closely to the product's shape, reducing purge, and creating an attractive wrinkle-free package.
- Product shape remains intact.
- 42% MD and 50% TD thermal shrinkage at 4 seconds at 176° F (Non Bone Guard)
- 18% Shrink Rate for DuraShrink<sup>®</sup> Bone Guard Bag
- Low temperature shrink improves color consistency for fresh beef and pork, reducing color degradation.
- Unsightly bag tails are dramatically reduced.

### **Durability**

- DuraShrink<sup>®</sup> provides a durable package resistant to impacts and abrasions, thus enhancing product performance.

### **Exceptional Contact Clarity**

- DuraShrink<sup>®</sup> has high transparency and low haze after shrinking.
- Excellent clarity and gloss make the product look even more attractive and improves retail presentation.

### **Superior Preservation of Freshness**

- Oxygen and water vapor barrier properties preserve product freshness and extend shelf life.
- Excellent barrier performance is maintained, even in wet conditions.
- Barrier properties remain intact throughout the shrink process, assuring product freshness.

### **Printing**

- High quality printing available for all shrink bags in up to ten (10) colors.

### **Equipment**

- Excellent performance is achieved with all commercial vacuum packaging machinery, due to DuraShrink's<sup>®</sup> broad sealing range.

DuraShrink<sup>®</sup> is a registered trademark of Winpak Films Inc.
